

Here at the Eco Waterhouse, we are proud to present STANDARD PROCESS supplements because “the best sources of vitamins and minerals are found in whole foods” – Dr. Royal Lee

Since 1929, Standard Process has been dedicated to the field of nutritional supplements and the whole food philosophy introduced by Dr. Royal Lee. Dr. Lee’s goal was to provide nutrients as they are found in Nature- in a whole food state where he believed their natural potency and efficacy would be realized.

Standard Process time-tested formulas with whole food ingredients provide safe, effective, high-quality nutritional support. Available at the Eco Waterhouse thanks to patronage by Dr. Grace Soltynski, these products promote a better quality of life for anyone seeking wellness.

MediHerbs are a part of Standard Process. MediHerbs provide superior herbal products that unlock the healing power of plants by combining traditional knowledge with sound clinical experience and scientific research.

Veterinary Formulas are a part of Standard Process. Veterinary supplements made with whole food ingredients support whole pet wellness. These research-supported formulas synergistically and systematically deliver nutritional complexity, as nature intended.
